SPECIFICATION SHEET

DESCRIPTION

Every child should grow up in a friendly environment. The Dreamier wall sconce will allow you to create a nice corner in your toddler's room. The lamp will best fulfill its role placed by the bed or above the chest of drawers. Importantly, the heart of the design is an energy-saving LED bulb. So you can set an ecological example in front of your child, literally and figuratively! The lampshade was formed in the form of one clouds creating an interesting composition.
