DESCRIPTION

This phenomenon inspired me to create a pendant version of the “Pluto” lamp that is blue, delicate and made of a thin layer of high density polystyrene. Therefore it is 100% recycled and ecological. Each lamp is different and unique. Pluto lamps are very light and durable and can be a significant element of any interior decoration.

SPECIFICATION DETAILS

\*For custom options, consult factory for details

|                      |                                             |
|----------------------|---------------------------------------------|
| Fixture Dimmensions  | D 19.7" x H 11.8"                           |
| Light source         | E27                                         |
| Wattage              | Max 40W                                     |
| Voltage              | AC 110-240V                                 |
| Color Temperature    | Based on the purchase of light bulbs        |
| CRI(Ra)              | 80CRI                                       |
| Mounting             | Ceiling                                     |
| Driver Required      | NO                                          |
| Optional Color Temps | Buy bulbs as needed                         |
| LED Rated Life       | Based on bulb life (we do not supply bulbs) |
| Dimming              | Dimming is not supported                    |
| Finishes             | Blue                                        |
| Glass Details        | Blue                                        |
| Material             | High density polystyrene                    |
| Wire Length          | 59"                                         |
| Wire Type            | Black Coaxial Wire                          |
| Warranty             | 2 Yaers                                     |
