

Chandelier

- Amos Light Group Chandelier
- MHC-

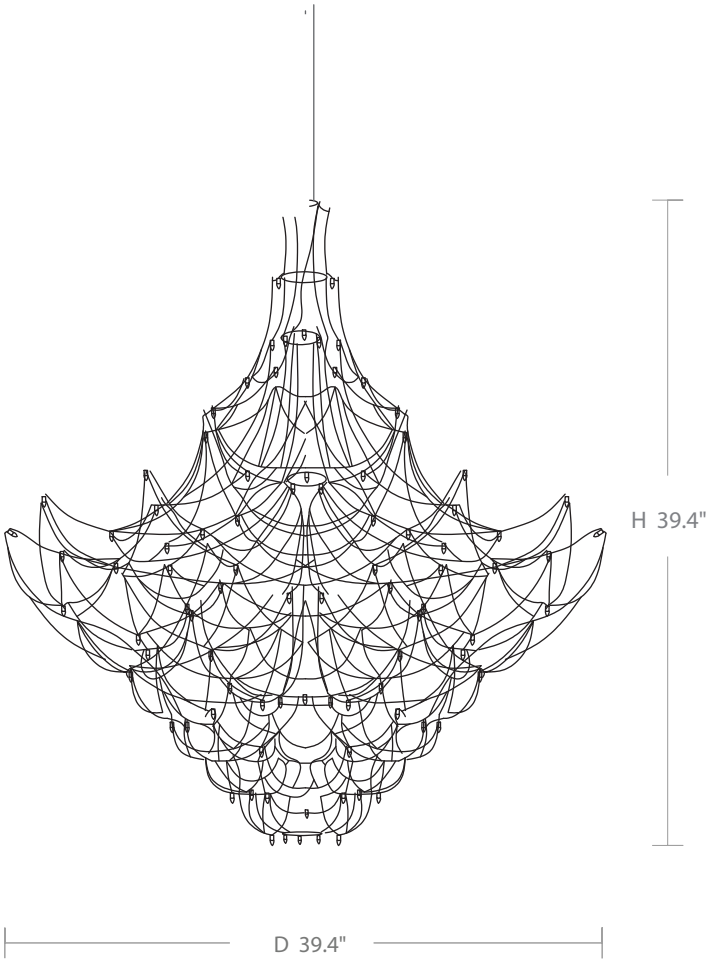

MATERIALS

- Stainless steel

PRODUCT DESCRIPTION

Perfectly brightens any area while adding a touch of luxury and sophistication. Stainless steel with a chrome finish is bent and assembled to form the structure of this chandelier. LEDs fixed in filaments bring an elegant ambience to your environment, creating the illusion that a swarm of fireflies are stunningly lighting up the space. Adds a beautiful and functional element to a stylish living room or hotel room, leaving a stunning impression on all visitors.
