- Belt Horizontal Pendant Lamp
- MHC-

MATERIALS

- Leather
- Acrylic

PRODUCT DESCRIPTION

This iconic profile for suspended installation features a refined leather surface developed specifically. Belt is pure flexibility, a sinuous line that creates a balance between the softness of leather and the rigidity of aluminum. The soft part is represented by the connection to the electrical network, while the rigid parts correspond to the light source, the long lines of light.

SURFACE FINISH OPTIONS

- Black
- Brown

CERTIFICATION

Compliant with North America, Australia, Europe, and Middle East Certification.

LIGHT SOURCE

Includes Integrated LED lighting
